AKIS Principal's Message

Dear Parents,

Ramadan Kareem and hope you enjoyed your break !

It's been a busy time; moving to the new building and relocating in the middle of the year was hard! But with our team spirit, and your support, we made it successful!

A new step in our journey of excellence started on Monday, 7/2/2022 and was made so promising and rewarding by the dedication, commitment, and endless and priceless efforts of our team. We had a very smooth relocation, and the first few weeks have exceeded the expectations.

A big "Thank you" to every staff member: Teachers, admin staff, bus drivers, security, nannies, support staff and teaching assistants.

I was delighted to see activities in the new building; the literacy month was fabulous! The Arabic language performances and activities were rich and thorough. The sports days for the students across the school were full of energy!

It's great to see the students are busy with meaningful activities. A big thank you goes to the Arabic teachers, English teachers, Art Teachers, and PE teachers for their efforts in making the events successful! We don't forget to thank Ms. Nada for organizing the book fair, during the literacy week! the staff were very creative in showing their favorite book character: I still remember Ms. Adriana, and Ms. Dimple !

We are proud of the successful assemblies for KG -12 were another successful way to empower and equip our students with the essential leadership skills.

The film festival project was another milestone to be added to the NHS and student-led activities! YouthTedex was another successful event that our students did! Very impressive organization. Thanks to all the High School school teachers and leaders for the great efforts! They were on duty during the weekend and afternoons and evenings Thurs day and Friday.

Parents' and students' feedback were very positive; the parents were very impressed to see such a high level of organization for such a big project.

I am positive our success will echo again with our teamwork and collaboration!

Let us create more victories and enjoy a new learning journey in the new building.

The best is yet to come.

AKIS School Trips.

6 - Environment ambassadors G1 to 5 went to Mushrif Park today for a community clean up on Global Recycling Day

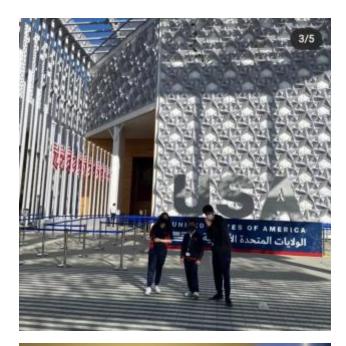

7 - Amid east in partnership with BOEING and STEM for Kids invited our phenomenal AKIS students for a STEM Pioneers Program in USA pavilion at Expo site, they will have 5 aerospace engineering challenges!

Way to go our students enjoy discovering new things.

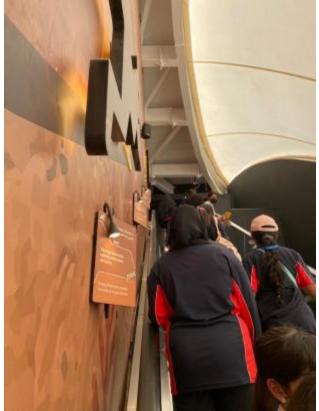

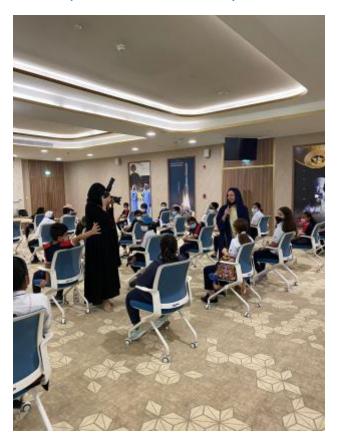

8 - Our amazing Grade 4 students enjoyed their time at Al aweer Labour Court and enjoyed listening to the amazing stories as a part of the Emirati Children's Day last week!

9 - Check out our AKIS phenomenal students with H.E. Lt. Gen. Abdullah Khalifa Al Marri, Commander-in-Chief of Dubai Police at the UAE SWAT Challenge.

Thank you @dubaipolicehq

10 - What an awesome learning experience. Our Grade 8&9 students exploring the space, moon and constellations in the Italian pavilion at EXPO. Those AHA moments that we always seek to spark their creativity and critical thinking.

AKIS Loves ART!

students had a blast in their Visual Arts class and learned about the elements of arts with Ms. Hala Othman and they enjoyed sketching, creating designs by using different kinds of lines.

How artistic is that?!

Have a look at some our students amazing Art work in AKIS Term 2!

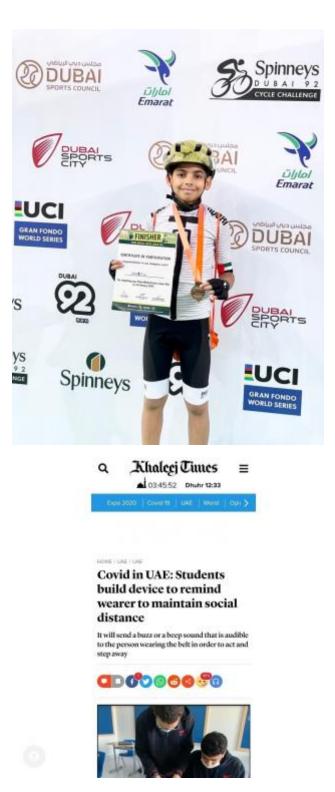

AKIS Students Accomplishments!

At AKIS we are always proud of our students accomplishments and we are keen to celebrate their millstones throughout the academic year.

11 - Our phenomenal AKIS High-School students Yehia Shadi and Omar Al Destawi were able to build a device to remind wearer to maintain social distance!

We can't be more proud of our students!

12 - Our phenomenal AKIS students Nada Nafisa, Aya Al Zayed and Fatimah Ghazi, have created the Eco-current energy production unit that harvests "leftover" electrons to harness electricity from plants.

Eco-current uses the run-off energy produced by microbial fuel cells to power small devices and lights, while — as a sustainable energy source — also helping the environment.

The team showcased Eco-current at Expo 2020 Dubai in the Siemens building, presenting their marketing research plan and pitching to investors.

13 - AKIS High school and Middle school phenomenal students participated in ASCS MUN 2022 and left the event as winners.

Way to go our students AKIS is proud of you!

14 - And the Principals proud of you pin goes to Our phenomenal AKIS students Adham Sameh Grade 2B and Anas El Khomeini Grade 3C for completing 15 acts of kindness.

Way to go our students keep spreading kindness!

AKIS Parents Testimonials

السلام عليكم ورحمه أشكركم على جهودكم لسلامة عيائنا وجزاكم الله الف خير يارب, أشكر كل مدرس ومدرسه وكل مسؤول في الاداره على تعبهم مع الطلاب, أنا أشوفكم وادعيلكم وكان ودي من زمان أشكركم بس الظروف ما تسمح بسبب الزحمه وماشي موافف.

وما قصرت مديرة المدرسه حتى هي توقف بنفسها وتشرف على المدرسه دايما اشوفها كل مره تكون متواجده عند بوابه غير كل شكر وتقدير تستحق الشكر لأنها عرفت كيف تنظم العمل في المدرسه وتشرف عليه بنفسها مش مديره وقاعده في مكتب لا تكون هي متواجده في المكان وقليل ما تحطين إداريين مثلها. أنا يوم اشوفها الصبح والظهر أستانس أقول هذي المديره

الله يوفقكم بارب وبعطيكم الصحه والعافيه بارب اتمنى توصلين شكري لكل شخص في المدرسه حتى حراس الأمن.
